

Heating control products compatible with voice control

List of products and applicable P/Ns:

All wireless heating control products featuring a temperature setting display in degrees are compatible with the voice control solution. Incompatible products are therefore mode-controlled products (Comfort, Eco, Frost Protection, etc.) without a temperature setting in degrees.

Below is the list of compatible products:

- Tybox 5000 (reference : 6050636)
- Pack Tybox 5000 connected (reference : 6050643)
